

## IMPORTANT INFORMATION ABOUT THE TEMPORARY TRANSFORMATION PAYMENT

### How to use this booklet

This document was written by Life Without Barriers in Easy English.

We use pictures to explain some ideas.

- This document explains what the **Temporary Transformation Payment** is, and what it means to you.

- Every year, the National Disability Insurance Agency (**NDIA**) looks at how much money your disability supports cost you in the National Disability Insurance Scheme (NDIS).

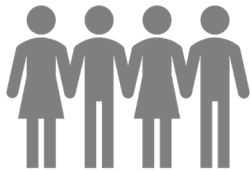

- Sometimes they change these costs to make sure you get the support you need so you can achieve your goals.

- On 1 July 2019, the NDIA added a new cost called the Temporary Transformation Payment, also known as **TTP**.

**LIFE WITHOUT  
BARRIERS**

- The TTP helps service providers, like Life Without Barriers, continue to give you high quality support.

- This means Life Without Barriers changed our prices to include TTP from 1 July 2019.

- **But you do not have to pay** for the TTP because the NDIS does.

- This means **you can still afford the same supports** as before.

- The way the NDIS pays for the TTP for you works in 2 different ways:

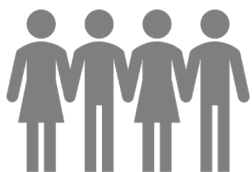

1. If you received your NDIS Participant Plan **before 1 July 2019**, the NDIA has already increased the money you receive to cover the TTP.

If you had your plan before 1 July 2019 you don't need to do anything.

2. If you received your NDIS Participant Plan **after 1 July 2019**, you can ask for more money from the NDIA to cover the TTP.

**LIFE WITHOUT  
BARRIERS**

Life Without Barriers will work with you and your support network to do this.

- It is nearly 9 months since the TTP was introduced, so if you are running low on money to pay for supports, you may need to apply for extra funding soon.

- Life Without Barriers will help you to work out if you need more funding and how to apply for it.

**LIFE WITHOUT  
BARRIERS**

You or your family can speak to your local team to do this.

- If you don't want to pay the TTP, you have the right to choose another service provider.

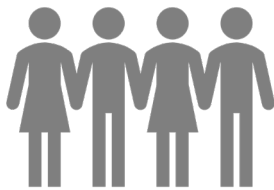

Life Without Barriers will support you to do this if you want to.
